Lipland Yachting Electronics - Mission

- Our MISSION is to be a leading supplier for customers in the Marine, Aerospace and Industrial sectors for their requirements of components, cables and PCB assemblies. Our design support focuses heavily on water proof/water resistant components for heavy duty applications.

Lipland Yachting Electronics - Markets

Marine

Water Proof and Water Resistant
Connectors and Cable assemblies

Aerospace

Heavy Duty Mil Spec Connectors
and Cable Assemblies

Industrial

Connectors, cables and I/Os for the
Manufacturing Environment

Renewable Energy

Sensors for H2 leakage
detection

Lipland Yachting Electronics - Products and Services

- Water Proof Connectors and Cable Assemblies (NMEA)
- High Density Mil Spec Connectors and Cable Assemblies
- Industrial DIN 43650 Connectors and Cable Assemblies
- Industrial M8/M12 Distribution boxes
- Design of Custom Specific PCB Assemblies
- Manufacturing Support of PCB Assemblies
- Custom specific sensors
- Marine Chartering for Test Purposes

Lipland Yachting Electronics - Suppliers

- HTP High Tech
- AST International
- Teledyne Marine (Impulse PDM)
- Molex Industrial
- Harting
- C & K
- Wcon
- W&P
- TTAF
- GTK/Volex
- Rochester
- Promatis
- Product IQ

Lipland Yachting Electronics - Our Offer

- We offer a broad portfolio of renowned manufacturers
- Our Field Sales Engineers and Product Managers are at your service for support
- Our team fully supports your technical requirements and offers tailor made solutions to fit your applications
- We supply what is needed to support your design activities
- Support from the design to manufacturing phase

Lipland Yachting Electronics - Why Lipland?

- Our experienced team of Sales Engineers and Product Managers have the knowledge and drive to offer the individual support so needed in todays competitive environment. The excellent service and support given by our renowned suppliers puts us in a strong position to support our customer base
